

## Screw Compressor + Booster Combination Compressor

This Combination Compressor combines screw compressor and booster together to provide 20 to 40 bar compressed air. Ideal for PET Industry.

| Model        | Capacity              | Pressure | Compressor Power | Booster Power |
|--------------|-----------------------|----------|------------------|---------------|
|              | (m <sup>3</sup> /min) | (bar)    | (KW)             | (KW)          |
| DSRZY-2/30   | 2                     | 30       | 15               | 11            |
| DSRZY-2.4/30 | 2.4                   | 30       | 15               | 11            |
| DSRZY-3.2/30 | 3.2                   | 30       | 22               | 15            |
| DSRZY-3.2/40 | 3.2                   | 40       | 22               | 18.5          |
| DSRZY-4/40   | 4                     | 40       | 30               | 22            |
| DSRZY-5/40   | 5                     | 40       | 37               | 22            |
| DSRZY-6/40   | 6                     | 40       | 45               | 22            |
| DSRZY-8/40   | 8                     | 40       | 75               | 22            |
| DSRZY-10/40  | 10                    | 40       | 90               | 22            |
| DSRZY-12/40  | 12                    | 40       | 90               | 45            |
